| 10. Other:   |  |   |  |
|  |  |   |  |

Continuation of 2. NOTE: Regarding applicant's argument in reference to amended claims concerning the mechanically attached skirt portion through a mating connection, Examiner believes the amended claims raise a new issue requiring further search and consideration. Examiner's prior search was in reference to a skirt portion being integrally formed with a face portion. The applicant's amendment incorporating the specific structure incorporating a mating connection between two elements requires an additional search.
